Solutions for Mobile Workers**

Rugged Wireless Charging Station Solutions

Built for Tough Environments

Tablet deployments in rough and tough environments comes with a lot to consider. How the tablet will be used and what damage could occur to the device through daily usage is a big consideration. aXtion Volt product line keeps the tablet safe while positioned exactly where it is needed; when it is needed with our full line of cases, docks and cradles.

High Quality Tablet Protection

Unpredictable work environments call for reliable and high quality tablet protection.

High Grade Material

Pogo Pin Charge

Drop Impact

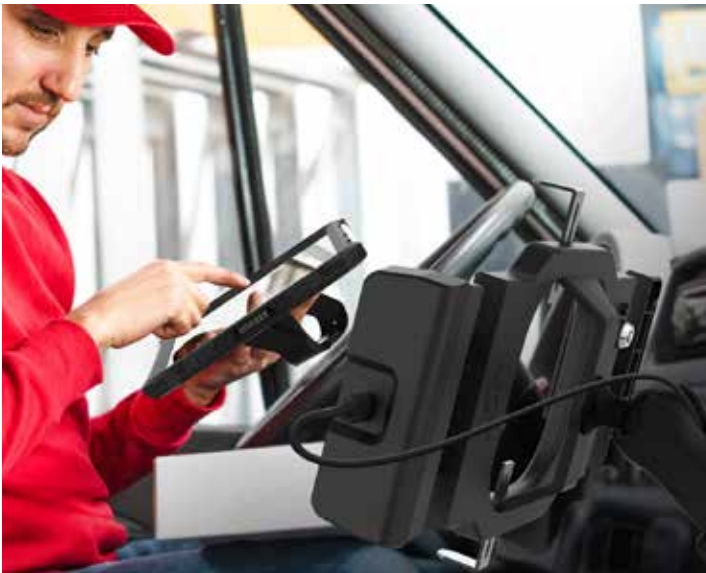

Water-Resistant

Rugged Tablet Cases with Future-proof Design

Our military grade cases are fully enclosed and provide dust and water protection. They are built for rough and tough work environments for mobile workers across multiple industries like supply chain, field services and other mobile worker environments where employees are in the field.

Charging Cradles and Docks

Shared work stations in environments with a one-to-one employee to tablet ratio can be costly when deploying hardware at the same ratio. The aXtion Volt line allows for seamless connectivity across each product. Whether docking the device near a pick and pack station or cradling it on a forklift the device stays with the employee and travels seamlessly across the entire aXtion Volt ecosystem.

All the features you'd expect and more

Ensuring a businesses tablet investment is protected every step of the way while keeping employees connected is at the core of the aXtion Volt line. Features include the detailed below.

Water Protection
From accidental splashes of liquid

Drop Proof
MIL-STD-810H Certified

Dustproof
Fully enclosed protecting buttons and ports

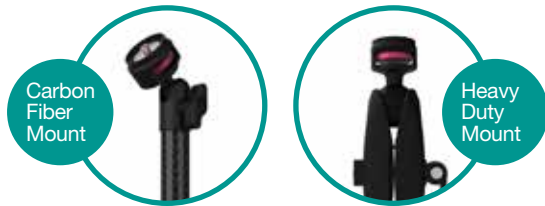

Expand mobility & increase safety

Companion accessories further streamline workflows
(Shoulder strap: CWX202)

MagConnect Compatible

MagConnect is a tablet mounting solution built around our quick connect magnetic technology. The solution includes a wide range of mounting options ideal for any tablet use-case. Whether positioning a mount for stationary use or on the go we've got a mount to position the device exactly where it is needed.
