

aXtion Volt Case for iPad mini 6

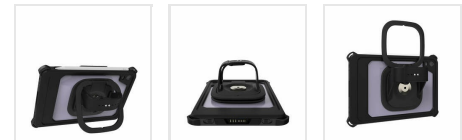

Slim profile, rugged, water and dust-resistant case with transparent back featuring a rotating silicone hand strap and 4-way kickstand; compatible with dock and charge stations

SKU: DCA305
MSRP: \$159.99

aXtion Volt Dock and Charge Case for iPad 6 is compatible with all aXtion Volt dock and charge charging stations. This robust iPad case provides protection against accidental drops and splashes of liquid. It is tested and certified as MIL-STD-810H drop protection and IP55 water and dust resistance making it ideal for unpredictable work environments. The case features a removable POGO Pin USB-C charging module allowing it to seamlessly connect to any aXtion Volt charging dock or station.

The charging station positions the tablet at a slight tilt ensuring an optimal viewing angle and features a weighted base to ensure it stays in place and doesn't tilt when the tablet is connected. The aXtion Volt Case is ideal in manufacturing production and quality control lines, transportation and logistics receiving and distribution or construction quality control and planning environments. To expand the mobility of the user the case can be paired with a Universal Shoulder Strap.

- Compatible with iPad mini 6
- Military grade shockproof certified MIL-STD-810H
- Water and dust-resistant rating IP55 protects against accidental slashes of liquid and exposure to small particles
- Features include: built-in screen and camera lens protectors, port and button covers
- For mobile users the case has a rotating silicone hand strap and multi-angle kickstand
- Features POGO Pin for quick and seamless placement of case onto any aXtion Volt Dock and Charge Station
- Compatible with Apple Pencil 2nd Gen pairing and charging
- Hands-free mobility with optional Universal Shoulder Strap (not included)
