

aXtion Volt Single Bay Charging Dock

Quick connect charging station for single device compatible with all aXtion Volt cases

SKU: DDU111

MSRP: \$99.99

aXtion Volt Single Bay Charging Dock allows for quick docking with charging capability. The weighted base features a pogo pin connection port ensuring smooth and seamless device connection onto the dock. It positions the device when it is enclosed in a compatible aXtion Volt rugged cases.

The dock positions the tablet at a slight tilt, ensuring an optimal viewing angle while on the dock. For workspaces that have the need for multiple docking stations throughout their manufacturing, transportation or construction environment the units are interchangeable. This allows for use with multiple devices; thus, reducing the need to move equipment from place to place. To ensure proper voltage distribution, the dock can be powered using the tablet's native charging cable.
