

Universal Secure Module Adapter

Universal security plate that adheres with industrial grade 3M VHB adhesive

SKU: MMX115

MSRP: \$9.99

The Universal Secure Module Adapter can be used to secure a device to deter theft. The locking plate is made with extremely strong and durable aluminum and can withstand tampering. It attaches to a device with a 3M VHB industrial grade adhesive for a strong and semi-permanent bond. The plate features a Kensington security lock slot and can be used with our Universal Cable Key or Combo Locks as well as any other Kensington compatible cable lock. Perfect for devices that require anti-theft security but don't have a built-in security lock slot.

- Universal compatibility: works on virtually any phone, tablet, laptop, Chromebook, or other device/item that has a smooth and flat surface
- Anti-theft: security plate uses 3M VHB adhesive to adhere to any smooth and flat surface to create a strong and long-lasting bond
- Quality parts: made of extremely strong and durable aluminum to withstand abuse and would-be thieves
- Easy to install

BENEFITS

- Configurable
- Expand Usability
- Ease of Use
- High Quality
- Ergonomic
- Increase Productivity
