

MagConnect HD Rubber Coated 38mm Ball Joint

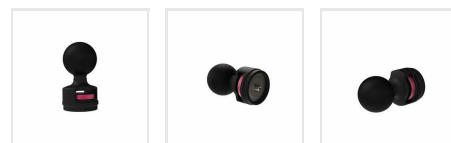

38mm Heavy Duty rubber coated ball joint adapter for the MagConnect Mount

SKU: MMX308
MSRP: \$59.99

The MagConnect HD Rubber Coated 38mm Ball Joint is compatible with any MagConnect HD mount that houses a 38mm female socket. This magnetic ball joint works as a bridge and connects the mount's arm and base to any MagConnect compatible case.

The rubber coated ball joint is durable and has been tested to hold a tablet up to 15 pounds, even in high vibration environments. While the magnet itself is strong, it is recommended that the red precision dial be used to reinforce the tablet-to-mount connection especially in high traffic work settings.

- MagConnect Ready
- Rubber coated ball joint
- Built-in lock dial compatible with any MagConnect case

BENEFITS

- Configurable
- Expand Usability
- Ease of Use
