

VESA 75/100 HD AMPs Mount (38mm)

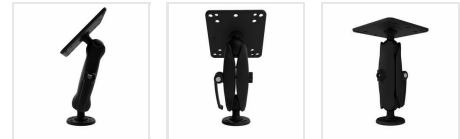

Universal heavy duty AMPs mount for high vibration environments

SKU: MVU332
MSRP: \$119.99

The VESA 75/100 HD AMPs Mount is a versatile solution to positioning a device in an emergency vehicle such as a fire truck, ambulance or police cruiser. The base features a drill down universal AMPs base that easily attaches to flat surfaces. With VESA 75x75mm, 100x50mm and 100x100mm configurations it will accommodate most IPCs and a variety of other devices.

The body of the mount features cable management and a robust, corrosion-resistant mount arm that can be adjusted to reach the optimum viewing and operating angle. It features two rubber coated ball joints which provide vibration and shock reduction. To keep the device in place the robust arm and rubber coated ball joints provide an increased holding strength. The body of the mount has a slim profile to allow it to fit into tight spaces and features a lever which modifies the force put onto its joints. For public environments that require theft prevention, an optional security feature is available.

- Compatible with devices that utilize VESA 75x75mm, 100x50mm and 100x100mm patterns
- Drill down base has an AMPs 30x38mm pattern for universal compatibility
- Certified vibration and shock resistant MIL-STD-810G 514.7
- Built with two 38mm spherical rubber coated ball joints to provide maximum holding strength
- Made with corrosion-resistant material making it ideal for mixed element environments
- Features cable management, 360 degree rotation, shock and vibration resistance, and near infinite adjustability
- Mount features two 38mm ball joints for increased hold capacity
- Optional locking lever for usage in public spaces

BENEFITS

- Configurable
- Ease of Use
- Ergonomic
- Expand Usability
- High Quality
- Increase Productivity

FEATURES

360° Rotation

Cable Management

Component Based

High Grade Material

Quick Positioning
